

An aerial view of a large resort complex. The resort features several multi-story buildings with white facades and green tiled roofs. In the foreground, there is a large, winding swimming pool with bright blue water, surrounded by numerous palm trees and lounge chairs. The background shows a lush green landscape with rolling hills and mountains under a dramatic, cloudy sky.

Hospitality Solutions

KYC (Know Your Customer)

Elevate Guest Experience for VIPs and Loyal Clients

Instant Identification

Seamlessly recognize **VIPs** and **loyalty program members** at critical points including entrances, reception, concierge, POS, and parking areas.

Proactive Visitor Management

Effortlessly integrate unregistered visitors into a dynamic, the **real-time visual visitor logs** with instant alert capabilities.

PC web dashboard – live feed

Smartphone app

PC web dashboard – reports

The dashboard shows a grid of identified individuals. Each card includes a photo, name, ID number, and membership details.

Alert feed by list	MEMBER ID	Channel	Similarity	Gender	Age	Glasses	Mask	Emotion	Emotion score, %	Pass status	Liveness

Blacklist Alerts

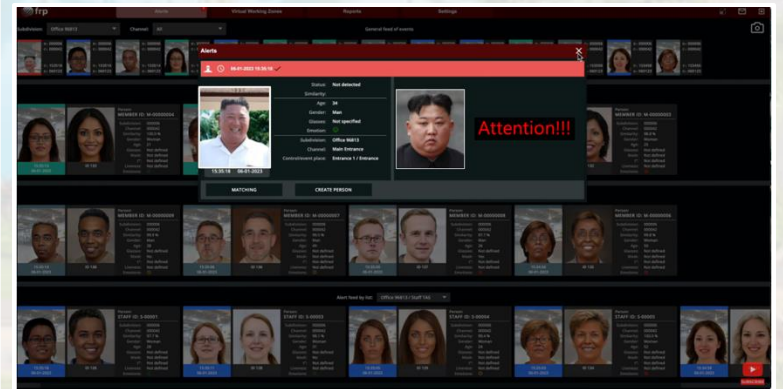

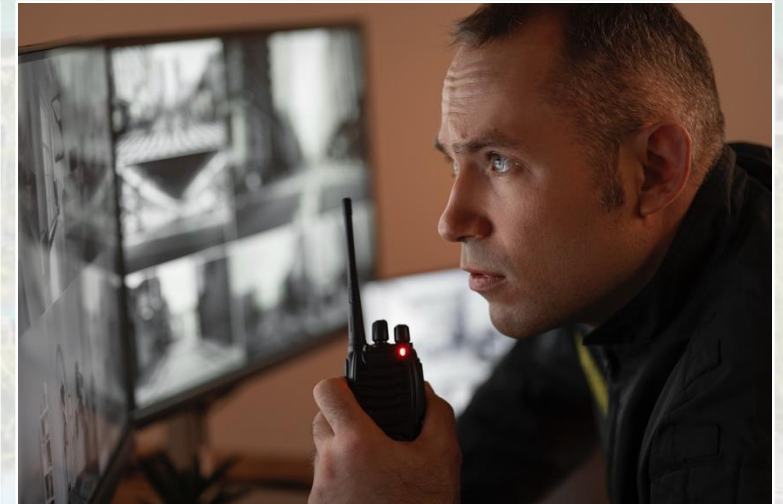

Safeguarding the Well-being of Guests and Staff

Immediate Threat Detection
Real-time alerts are sent to stationary or mobile security dashboards upon detection of potential threats such as **terrorists, fraudsters, and trespassers.**

Patrol Officer

Dispatch

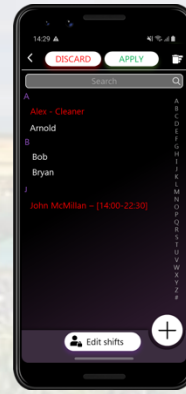

Face ID Keyless Access Control

Streamlined Access for Service Personnel

Optimized Resource Utilization

Forego the **hassle of handling** physical and electronic (RFID, BLE, NFC) keys by eliminating traditional key issuance and collection processes.

Access Visualization

Track & manage access control activities through real-time electronic logs, available via Online Visual and CSV Cloud formats (compatible with ERP, BI systems).

Enhanced Service Delivery

Provide or deny facility access remotely in real-time, ensuring operational efficiency and security.
